1. Project Summary *

Please describe what the project is, who/what is being featured, numbers of community members or students participating (if applicable), when and where it will take place, and any other information including scope or details that you feel is appropriate.

Futel will install one new public installation. This will use salvaged payphones and payphone enclosures and be accessible to anyone, at all hours.

The installation will showcase a new interactive audio program which will feature and amplify local community voices, as well as allow users of this installation and other public Futel phone locations to communicate about issues important to local presence and culture, both economic and cultural.

Futel and collaborators will provide operational, development, and creative support to allow contributors to effectively use the medium of our installations.

Content developed for this project will also be distributed through other media, including Futel's website, publications, and existing public installations.

2. What is your proposed public presentation? *

This project will use one public kiosk housed within a payphone, with signage and text revealing its use. The kiosk will be accessible to the public at all hours for the duration of the project.
