Client Services  
TechSoup

Dear Julia:

Futel, an Umbrella project, has the primary mission of providing communications services to public individuals, with an emphasis on technologically disadvantaged populations.

Activities and programs that illustrate this purpose are:

- Installation, maintenance, and servicing of five telephones, publicly available at all hours, in Portland, OR and Ypsilanti, MI
- Telecommunications service, equipment, and consulting for Right To Dream Too and the Village Coalition, organizations which support the houseless community in Portland, OR
- Development of telecommunications tools to connect people to services and public assistance
- Development and curation of interactive audio art, oriented toward accessible public participation

Futel has been providing public communications services continuously since 2014.

Futel may be contacted at:  
Karl Anderson, director of Futel  
telephone: 503-395-7468  
email: operator@futel.net
